Paragon is proud to present international brand

## House of Windsor *Pearl Collection*

Pearl  
Collection

The Ultimate  
Luxury in  
Tableware

Profile PP03

For the 1st time Paragon introduces super white and most translucent Tableware called Pearl collection under the Brand name House of Windsor. The brilliant whiteness of the translucent body provides great luminosity and vividness, impossible to resist by anyone.

Paragon is capable of developing any kind of Embossed or self design shapes for the customers, led by top class modelers and designers from the country. The raw material for Paragon Porcelain are sourced from all around the world to ensure lustrous finish in the final product. Clays from New Zealand, Germany, China and Thailand, Ball Clay from Japan, Ball stone from France, Feldspar and Quartz from India and Plaster from Thailand.

## Designer Products

**Linea** – A note from the Designer, Neil Jeffree  
Linea is all about the subtle blend of simple form with understated relief. The refined debossed pattern that defines the range perfectly enhances the smooth curves of the product so that they create a faultless blend of form and function. The beautiful porcelain glaze that files the linear lines just enough so as to still be able to see and feel the small ridges on all of the pieces. This adds a wonderful tactile quality to a thoroughly modern range.

# MUG Collection

A collection of various mugs and cups in different colors and designs. In the foreground, a white mug with a red and black floral pattern is tilted, resting on a blue mug. To the right, a red mug is tilted, resting on a yellow mug. In the background, there are several other mugs in different colors and designs, including a white mug with a black and white floral pattern, a blue mug, a red mug, a yellow mug, and a dark brown mug. The mugs are arranged in a cluster, creating a sense of a diverse collection.

# FLOWER VASE Collection

## PARAGON CERAMIC INDUSTRIES LIMITED BANGLADESH

**Paragon Ceramic Industries Limited (PCL)** was registered on 12 June 2008 in Bangladesh, with commercial production in end of 2010. PCL Factory is located in Mirzapur, Gazipur Area, about 50 Km from the Capital Dhaka City, where all the infrastructural facilities are available. Total Investment in the Company is over US\$ 15 Million.

PCL is the manufacturer and exporter of High Definition Porcelain Tableware from Bangladesh, equipped with the most modern state-of-the-art and latest machinery from SKK, TAKASAGO, Japan, TCK, Taiwan and Modena, China, having more than 1,100 highly skilled and motivated employees.

### **Machinery's and Kilns at Paragon**

- 13 Ball Mills.
- 13 Double Head Rollers.
- 2 Auto Cup making Machine
- 1 Biscuit Kiln – 16 MT / Day (900° C)
- 1 Glost Kiln – 12 MT / Day (1325° C)
- 3 Shuttle kiln - 3 MT / Day (1200° to 1400° C)
- 2 Decoration Kilns – (850° to 1220° C)
- 3 Decal Printing Machines.
- 1 Packaging Plant
- 2 High Pressure Casting Machine (3 Heads)

**Paragon Ceramic** is equipped with the top-of-the-Line Testing and Quality Control Laboratory facilities, and has at its disposal, own captive gas-based Power generation capability, own water supply through Deep Tube well, and medical and sanitary facilities. PCL is one of the **MOST ENVIRONMENT-FRIENDLY** Tableware Plant in the Region. The factory is set up on about 10 Acres of land and has a total covered area of more than 20,000 sqm.

**Some of the Environmental control points are as follows.**

- State-of-the-art Effluent Treatment Plant (ETP).
- High efficiency production Machinery's to reduce overall Energy usage.
- Combined use of heat & power generation system to reduce gas consumption.
- Use of Solar Energy for upto 5 KW (Proposed).
- Raw Materials used without any Lead, Cadmium and Barium.
- Conserve rainwater and use inside the Factory (Proposed).

### **Utilities at Paragon Ceramic**

- 1.75 MW own Power Generation (2 Gas Based and 1 Diesel Based).
- 240 Meters of Busbar Power Distribution.
- 2600 Litres/Minute Water usage capacity from Deep Tube Well.
- Heat Recovery from GK and used in Dryers at the Plant to dry Greenwares.
- 17,500 M3 Gas used daily to run Biscuit, Glost, Decor Kilns and Generators.

**Tableware Production Capacity:** About 40,000 Pieces of world class Porcelain tableware is produced at PCL per day, which is about 14.00 Million pcs production per year, combining body formulation, forming, glazing, firing, decoration and decal printing procedure.

### **Porcelain Bodies:** PCL can make 4 Bodies;

Universal Porcelain which is normal White Porcelain

Pearl Collection which is the Super White Porcelain

Alumax which is Alumina Porcelain with about 30% AL<sub>2</sub>O<sub>3</sub>

Ivory silk which is Fine China in cream color

The Company is also capable of producing Mix n Match, which is any Colored Body and/or Colored Glaze, if the requirement is significant by the Customers.

**Decal Plant and Design:** PCL is presently producing about 75,000 sheets per month, starting from single color upto 16 Colors including Gold/Platinum, both On-glaze and In-glaze, and completely Lead, Cadmium and Barium Free.

**Packaging Plant:** Paragon Ceramic is producing about assorted 160,000 Pieces White and/or Brown Cartons per month, with additional capability to supply 4 Color Printed Cartons.

## PARAGON CERAMIC INDUSTRIES LIMITED BANGLADESH

**Product Variety and Range:** PCL is capable of producing variety and wide range of Porcelain Tableware for Retail as well as Hotel (Service Industry), from Round Shape to Square Shape; offering currently about 15 Shapes and about 100 Designs in 2011. Most of the new Shapes in Porcelain can be developed and produced at the Plant within 8 to 10 weeks after receipt of the Formal Order. Starting from 5 Pcs Place setting to 20 Pcs Dinner Set and 95 Pcs Full Service Sets to variety of Gift Items, all customized range of High Quality Porcelain Table Top can be supplied by the Company.

**Lead Time:** Paragon Ceramic produce 1x40' FCL with 1 Shape and 4 to 6 Decors within 6 to 8 weeks time. Shipping lead time to Europe is about 5 weeks, Australia about 3 weeks and North America about 6 to 7 weeks. In case of Sea shipment Port of loading is Chittagong (275 Km from the Factory), and Shahjalal International Airport (30 Km from the Factory), Dhaka in case of Air shipment.

**Payment Terms:** Paragon Ceramic works with 100% Irrevocable Letter of Credit at Sight or 100% Advance TT before shipment.

### In-house Quality Control:

The Company ensures highest standard of the Finished Products through State-of-the-art quality control Laboratory and Tests like

- Microwave and Dishwasher
- Resistance to Detergents
- Heavy metal release Testing
- Mechanical strength and so on . . . .

Some of the Tests can also be done from BCSIR and BSTI. All Paragon products are approved by BSTI thru Registration Number BDS 485.

**Exporting Countries:** The Company exports its Porcelain Tableware to Italy, UK, USA, Greece, Romania, Turkey and India.

**Future Plans of Paragon Ceramic:** The Company plans to make expansion of its Porcelain Unit by 2013 by making the capacity double (total about 28.00 Million Pcs per year). Further, the Company plans to set up Stoneware Plant in 2012 and Bone China Unit in 2015 with production Capacity of about 6.00 Million and 3.00 Million pcs per year respectively.
